

# Rotational Grazing and Agroforestry Field Day

**\*This workshop is free and open to public. It is also the first workshop of the 2023-2024 Dairy Grazing Cohort led by White River NRCD and Dartmouth Agroecology Lab**

**Amber Reed will be leading an interactive discussion on advanced planned grazing techniques, fencing and water system strategies, drought reserves and rest periods, bale grazing, and how to support our birds and bees,.**

**Mentors in agroforestry design and practice will discuss the benefits of trees in grazing systems as we tour and discuss various agroforestry systems including hedgerows, forest farming, silvopasture and alleycropping.**

**JUNE 27, 2023 | 10 AM TO 1 PM  
CEDAR MOUNTAIN FARM  
25 LINDEN RD, HARTLAND, VT 05048**
